## “Viral Energy” Awareness is the (*Surprising*) Ancient Key to Happiness

NEW YORK—February 11, 2020—Morgan James Publishing is proud to announce the new release of, *The Magic of Viral Energy: An Ancient Key to Happiness, Empowerment, and Purpose*, a Body, Mind & Spirit / New Thought title by Penelope Jean Hayes.

As a contemporary philosopher and spiritualist, Penelope Jean Hayes takes the reader on a journey to understanding “viral energy” and how it co-creates our circumstances, experiences, relationships, health, wealth, and happiness.

*The Magic of Viral Energy* introduces the concept that energy has a *contagious* nature as it moves through social interactions and our everyday environments, such as our work and home spaces. In this book, Penelope Jean Hayes shares the missing key to manifesting one’s dreams, and she does so with fun and entertaining true short stories that exemplify how energy creates. She shows how the phenomenon of viral energy is happening—not by the law of attraction, but by way of osmosis.

*The Magic of Viral Energy* reveals provocative insights into the Universe; our relationships; the energetic antidotes to unhappiness, and even the common cold. It is eye-opening and exciting and makes day-to-day life easier and our big dreams possible.

*The Magic of Viral Energy* is available now, everywhere books are sold (release date: February 18, 2020).
